Examiner's Reasons for Allowance

The prior art does not anticipate nor render obvious over Applicant's claimed subject matter, particularly, the check valve mechanisms in series in addition to the valve cup. In view of the claimed subject as a whole, the prior art does not reasonably teach using Applicant's valve structure in a fuel injection system.

After a further search and consulting with Primary Examiner John Rivell, Examiner believes the claims are in a condition for allowance.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to KEITH COLEMAN whose telephone number is (571)270-3516. The examiner can normally be reached on 5:30-4:00.
